Subject: e-RINs discussion with USDA

Hi, everyone. I already connected with Ben about this, so I'm just following up with a scheduling thread. USDA Secretary Vilsack's office reached out to us last week about their interest in EPA's upcoming eRINs rulemaking. The Secretary's senior advisor Doug McKalip has requested a meeting to discuss both the process and substance of the issue. I'd like to include Joe and/or Ale on the call, if possible. (The conversation might also serve as a good opportunity to share updates on various RFS developments, which could be ripe that week.)

We're looking at the week of May 30th as the next opportunity for this conversation. I have a lot of flexibility on that Tues/Wed/Thurs/Fri (May 31 – June 3), so I'll defer to OAR for the best timing. Doug, please also weigh in if you have preferred dates and times.

Many thanks,
